Vinton, Iowa 52349

In Vinton-Shellsburg CSD we use digital learning to personalize learning, provide online classes via the E2020 software, meet Common Core State Standards, administer online assessments (NWEA, Smarterbalanced), make data-driven decisions, administrative and instructional coach walkthroughs, etc.). An example of digital learning Vinton-Shellsburg CSD are: 1) Math teachers flipping their classrooms, our HS being 1:1 computers using the LMC Canvas, the Elems using iPads for learning with apps specific to the students needs or allowing them to demonstrate their learning via creation apps like imovie and storyboards. However, VSCSD network is just keeping up with demand, and the need for a reliable high-speed network is only going to increase in the near future. We also are in need of a new phone system. Ours is currently over 15years old and the cost of a new program along with the phone service is only possible with the assistance that eRate provides us. Thank you for taking the time to read this and for working hard to improve and expand the E-Rate process.
